SUMMARY

Registered diagnostic medical sonographer with 6 years in a 400-bed hospital, credentialed in abdomen, OB/GYN and vascular (RDMS, RVT). Performs 12-16 exams a shift across inpatient, ED and outpatient patients, kept the radiologist repeat-request rate under 3% for 2 years, and built the department's DVT protocol checklist now used by 14 sonographers.

EXPERIENCE

Diagnostic Medical Sonographer II — Scioto Regional Medical Center

Columbus, OH · May 2021 – Present

- Perform 12-16 abdominal, OB/GYN, small parts and venous duplex exams per 10-hour shift for inpatient, emergency and outpatient patients.
- Kept radiologist repeat or add-on image requests under 3% of my studies for 2 consecutive years, tracked through the department's QA log.
- Wrote a lower-extremity DVT scanning checklist adopted by 14 sonographers, cutting incomplete venous studies flagged in peer review by about half.
- Cover ED call 4 nights a month, completing stat right upper quadrant and ectopic pregnancy studies with a median 35-minute order-to-images time.
- Precept 2-3 sonography students a year from the local program, signing off 120+ supervised exams per student.

Staff Sonographer — Franklin Women's Imaging

Dublin, OH · Jul 2019 – Apr 2021

- Performed 10-12 obstetric and gynecologic exams a day, including first-trimester dating, anatomy surveys and transvaginal pelvic studies.
- Measured nuchal translucency for 300+ patients after completing NT credentialing, with all images passing external audit.
- Reduced late-start appointments from 6 a week to 1 by reworking the room turnover and chaperone schedule with the front desk.
