Philomena Ravensworth-Adair

Clinical Audiologist, Au.D., CCC-A
Madison, WI · philomena.ravensworth@example.com · (608) 555-0196 · LinkedIn · ASHA profile

SUMMARY

Licensed audiologist with an Au.D. and 6 years in ENT and hospital settings, completing about 22 diagnostic evaluations a week for adults and children. Fits around 30 hearing aids a month with real-ear verification and lowered the 45-day return rate from 14% to 6%. Experienced in vestibular screening, tinnitus counseling and cochlear implant candidacy referrals.

EXPERIENCE

Clinical Audiologist — Lakeland ENT & Hearing

Madison, WI · Jan 2022 – Present

- Complete about 22 comprehensive audiologic evaluations a week, including speech testing, tympanometry and acoustic reflexes, for 4 otolaryngologists.
- Fit roughly 30 hearing aids a month and verify every fitting with real-ear measurement, cutting 45-day returns from 14% to 6%.
- Built a 3-visit follow-up schedule for new users, raising average daily wear time logged by the devices from 6 to 10 hours.
- Identified 11 adults as cochlear implant candidates over 2 years and coordinated referrals to a university implant program.
- Introduced a tinnitus handicap questionnaire at intake for 300 patients a year, giving physicians a baseline for follow-up visits.

Audiologist — St. Benedict Regional Hospital

La Crosse, WI · Aug 2020 – Dec 2021

- Screened about 90 newborns a month with automated ABR and OAE, referring 3% for diagnostic follow-up within 30 days.
- Performed 8 diagnostic ABR tests a month under natural sleep for infants who did not pass the screening.
- Ran bedside hearing checks for 15 inpatients a week on ototoxic medications, reporting threshold shifts to the care team the same day.
- Updated the hospital's infection control steps for 6 shared probes and earpieces, passing 2 Joint Commission tracer visits.
