Torvald Quennell

Certified Mobile and Tower Crane Operator

Houston, TX · torvald.quennell@example.com · (713) 555-0142 · LinkedIn

SUMMARY

Crane operator with 9 years on hydraulic truck cranes, lattice-boom crawlers and hammerhead tower cranes up to 300 tons. NCCCO certified on 4 crane types, experienced with critical and tandem lifts on refinery and high-rise projects, and holds 11,000+ seat hours with 0 recordable incidents.

EXPERIENCE

Crane Operator — Lonestar Heavy Lift Services

Houston, TX · Mar 2020 – Present

- Operate 90–300 ton hydraulic and crawler cranes on 25+ refinery, bridge and plant projects, averaging 60 picks a shift.
- Completed 48 critical lifts above 75% of chart capacity, each with a signed lift plan reviewed with the rigging crew.
- Ran 6 tandem lifts of reactor vessels up to 140 tons with a second crane, coordinating by radio with 1 lift director.
- Logged 0 recordable incidents and 0 dropped loads across 6,500+ seat hours by running a full pre-shift inspection every day.
- Cut average crane setup time from 5 to 3.5 hours by pre-planning outrigger mats and counterweight delivery with the yard.

Tower Crane Operator — Skyreach Vertical Builders

Austin, TX · Jun 2016 – Feb 2020

- Ran a 12-ton hammerhead tower crane on 3 high-rise projects of 22 to 38 floors, setting 4,000+ precast and steel pieces.
- Flew 1,800+ concrete buckets a year with a signal person out of sight, using radio and camera at 0 contact incidents.
- Assisted 4 tower crane climbs, adding mast sections and keeping the crane on schedule with the concrete pours.

SKILLS

Cranes: Hydraulic truck cranes, rough terrain cranes, lattice-boom crawlers, hammerhead and luffing tower cranes

Lift work: Load charts, critical lift plans, tandem lifts, blind picks, wind limits, ground bearing checks

Safety: Pre-shift inspections, OSHA 1926 Subpart CC, power line clearance, hand signals and radio protocol

Equipment: Load moment indicators, anti-two-block systems, outrigger mats, crane cameras, telematics logs
