Ottoline Varga-Mbeki

General Dentist (DMD)

Evanston, IL · ottoline.vargambeki@example.com · (312) 555-0141 · LinkedIn

SUMMARY

General dentist with 7 years in private and group practice, seeing 12 to 14 patients a day across restorative, endodontic and minor surgical care. Completes most molar root canals and simple extractions in-house, explains treatment plans in plain language, and works closely with a 3-hygienist team on periodontal follow-up.

EXPERIENCE

Associate Dentist — Lakeshore Grove Dental Studio

Evanston, IL · Jun 2021 – Present

- Treat 12 to 14 patients a day across fillings, crowns, bridges and implant restorations in a 6-chair practice using Dentrix and an intraoral scanner.
- Completed 160+ molar root canals in-house over 3 years, cutting endodontic referrals from the practice by roughly half.
- Raised treatment plan acceptance from about 55% to 70% by presenting phased options with intraoral photos instead of a single full-mouth estimate.
- Moved crown impressions to digital scanning, reducing lab remakes from 6 a quarter to 1 or 2.
- Review hygiene exams for 3 hygienists each day, diagnosing periodontal cases and approving scaling and root planing plans.

General Dentist — Brightwater Community Dental Partners

Skokie, IL · Jul 2018 – May 2021

- Saw 15 to 18 patients a day at a community clinic with a large Medicaid and uninsured patient base.
- Performed 25 to 30 simple and surgical extractions a month, referring only impacted third molars to oral surgery.
- Built a same-day emergency slot system that let the clinic see 8 to 10 walk-in pain cases a week without overbooking.
- Supervised 4 dental assistants on chairside protocol and radiography safety during 2 state inspections with no citations.

SKILLS
