Derek Simmons

Journeyman Electrician

Charlotte, NC · derek.simmons@example.com · (704) 555-0137 · LinkedIn

SUMMARY

Journeyman electrician with 7 years of experience in residential service and commercial construction, licensed in North Carolina. Leads panel upgrades and troubleshooting calls with a first-visit fix rate of 92%, and ran electrical rough-in on a 40-unit apartment project that passed inspection on the first attempt. NFPA 70E trained.

EXPERIENCE

Journeyman Electrician — Piedmont Electrical Services

Charlotte, NC · Mar 2022 – Present

- Run 4-6 residential service calls a day, from panel upgrades to troubleshooting, with a first-visit fix rate of 92% over the past year.
- Led electrical rough-in and trim-out on a 40-unit apartment complex, coordinating with 3 other trades to pass inspection on the first attempt.
- Diagnosed and corrected a recurring breaker trip at a commercial kitchen that 2 prior electricians had failed to fix, tracing it to an undersized neutral.
- Upgraded 60+ residential panels from 100A to 200A service over the past 2 years, including load calculations and permit coordination.
- Trained 2 apprentices on code-compliant grounding and bonding, both of whom passed their state exam on the first attempt.

Electrician's Apprentice — Carolina Power & Controls

Charlotte, NC · Jun 2019 – Feb 2022

- Assisted on commercial installations including conduit runs, panel wiring and lighting circuits for 5 retail buildouts.
- Completed 8,000 hours of on-the-job training and 576 classroom hours toward journeyman licensure under NC Board rules.
- Installed and tested 150+ GFCI and AFCI circuits in new residential construction, with zero failed inspections.
