Ilse Brandvold

Flutter Developer

Denver, CO · ilse.brandvold@example.com · (720) 555-0109 · LinkedIn · GitHub

SUMMARY

Flutter developer with 3.5 years shipping a single Dart codebase to iOS and Android for a grocery delivery app with 450,000 monthly users. Moved the app from setState and Provider to Riverpod, cut average frame build time on the product list from 14ms to 6ms, and own the release pipeline for both stores.

EXPERIENCE

Flutter Developer — Larchmont Grocers Online

Denver, CO · Apr 2023 – Present

- Migrated 38 screens from Provider and setState to Riverpod, removing 2 classes of stale-cart bugs that had produced 300 support tickets a month.
- Rebuilt the product list with slivers and cached network images, cutting average frame build time from 14ms to 6ms on mid-range Android phones.
- Wrote a platform channel in Kotlin and Swift for the in-store barcode scanner, replacing a plugin that crashed on 4% of iOS sessions.
- Set up Codemagic builds and Fastlane uploads for both stores, shrinking release prep from 2 days to 3 hours per version.
- Cut the release build size from 48MB to 31MB by deferring 3 rarely used feature modules and compressing bundled assets.

Junior Mobile Developer — Quillfeather Studio

Boulder, CO · Jul 2021 – Mar 2023

- Built 12 client apps in Flutter for small businesses, including booking, loyalty and event apps with 1,000 to 40,000 installs each.
- Added 140 widget and golden tests across 3 apps, raising average test coverage from 22% to 61%.
- Integrated Firebase Auth and Cloud Messaging for 5 apps, lifting week-1 retention by 9% on the largest of them.
- Resolved 60 Crashlytics issues in 9 months, including a null-safety migration bug hitting 2% of Android sessions.

SKILLS

Languages: Dart, Kotlin (platform channels), Swift (platform channels)

Flutter: Riverpod, Bloc, go_router, slivers, custom painters, animations, null safety

Data: Dio, Freezed, json_serializable, Drift, Hive, Firebase (Auth, Firestore, Messaging)

Tooling: Flutter DevTools, Codemagic, Fastlane, golden tests, integration_test, Git

EDUCATION

B.S. Software Engineering, Colorado State University, 2021
