SUMMARY

Frontend developer with 5 years of experience building fast, accessible React and Next.js interfaces for e-commerce and e-learning. Background in graphic design, so comfortable turning designs into reusable component systems. Recent work cut mobile load time by more than half and raised checkout conversion.

EXPERIENCE

Frontend Developer — Larkspur Outdoor

Denver, CO · Mar 2022 – Present

- Rebuilt the product and checkout pages in React, TypeScript and Next.js, improving mobile Largest Contentful Paint from 4.1 s to 1.8 s.
- Built a one-page checkout with the UX team that raised mobile checkout conversion by 9% in an A/B test.
- Created a Storybook library of 60 components with automated accessibility checks against WCAG 2.1 AA, used by 3 product teams.
- Added Playwright end-to-end tests for 25 critical flows to CI, catching 14 regressions before release in the first 6 months.

Junior Frontend Developer — Brightpath Learning

Remote (US) · Jun 2020 – Feb 2022

- Built the course player and quiz interface in React and Redux for a platform with 120,000 monthly learners.
- Fixed 140 accessibility issues from an external audit, including keyboard navigation and screen-reader labels.
- Cut the JavaScript bundle by 38% with code splitting and by removing two unused UI libraries.
