OSHA 10, respirator fit-tested and trained in air sealing for blower door targets.

EXPERIENCE

Lead Insulation Installer — Black Hills Thermal Contractors

Rapid City, SD · May 2021 – Present

- Lead a 3-person crew on about 4 new homes a week, installing batts, blown walls and attic loose-fill to R-49.
- Sprayed closed-cell foam in about 60 rim joists, crawl spaces and pole barns a year with the company's trailer rig.
- Passed 98% of municipal insulation inspections on the first visit across about 400 homes.
- Cut leftover batt waste from about 9% to 4% of each order by measuring stud bays before loading the truck.

Insulation Installer — Spearfish Comfort Insulation

Spearfish, SD · Apr 2018 – Apr 2021

- Blew dense-pack cellulose into the walls of about 150 older homes through drilled holes, then plugged and patched each one.
- Air sealed attic bypasses before blowing insulation, helping 85% of weatherization jobs reach the program's blower door target.
- Installed vapor barriers and baffles in about 300 attics while working safely around wiring and recessed lights.
