SUMMARY

Inventory specialist with 5 years at a 320,000-square-foot distribution center holding about 14,000 SKUs. Runs the daily cycle count program, investigates variances and reconciles the WMS with the ERP each month. Raised location accuracy from 96.1% to 99.4% and cut annual inventory write-offs by about $180,000. Comfortable with RF scanners, Excel and cross-team problem solving.

EXPERIENCE

Inventory Specialist — Quillfeather Bay Distribution

Pittsburgh, PA · Apr 2021 – Present

- Run an ABC cycle count program covering about 14,000 SKUs, counting A items monthly and every location at least twice a year.
- Raised location accuracy from 96.1% to 99.4% in 18 months by fixing putaway errors and relabeling 2,300 bins.
- Investigate about 60 variances a week, tracing root causes to receiving, picking or system timing errors.
- Cut annual inventory write-offs by about $180,000 through faster damage reporting and returns processing.
- Reconcile WMS and ERP balances monthly, closing gaps under 0.3% of inventory value before finance close.

Inventory Clerk — Tamarack Bend Industrial Supply

Bridgeville, PA · Jun 2018 – Mar 2021

- Counted and recorded about 400 locations a week across a 2-building warehouse.
- Processed about 90 receipts a day, matching packing slips to purchase orders.
- Built an Excel tracker for 150 slow-moving SKUs that helped clear $40,000 of aged stock.
