Dmitri Okonkwo-Hale

JavaScript Developer

Denver, CO · dmitri.okonkwohale@example.com · (720) 555-0136 · LinkedIn · GitHub

SUMMARY

JavaScript developer with 5 years building React front ends and Node.js services for travel booking and agency clients. Rebuilt a hotel search page that dropped load time from 4.1s to 1.6s on mobile, and moved a 60,000-line codebase to TypeScript without pausing feature work. Happy owning a feature from API contract to the final pixel.

EXPERIENCE

JavaScript Developer — Tallgrass Trips

Denver, CO · Apr 2023 – Present

- Rebuilt the hotel search results page in React with server-side rendering in Next.js, cutting mobile load time from 4.1s to 1.6s across 900,000 monthly sessions.
- Led a gradual TypeScript migration of a 60,000-line codebase over 7 months, file by file, while the team kept shipping weekly releases.
- Built a Node.js and Express pricing API that merges rates from 4 supplier feeds, answering 120,000 requests a day with a p95 under 180ms.
- Split the checkout bundle with dynamic imports and removed 2 unused date libraries, shrinking the initial download from 780KB to 310KB.

Front-End Developer — Copperline Studio

Boulder, CO · Jul 2020 – Mar 2023

- Delivered 14 client websites and 3 web apps in React and Vue, each launched within the agreed budget and timeline.
- Wrote a shared component library with Storybook used across 9 client projects, cutting new-project setup from 2 weeks to 4 days.
- Added Jest and Testing Library suites to a booking widget, taking coverage from 20% to 75% and catching a timezone bug before launch.

SKILLS

Languages: JavaScript (ES2023), TypeScript, HTML, CSS, SQL

Front end: React, Next.js, Vue 3, Redux Toolkit, React Query, Tailwind CSS

Back end: Node.js, Express, REST, GraphQL (Apollo), PostgreSQL

Testing and tooling: Jest, Testing Library, Playwright, Vite, webpack, GitHub Actions

CERTIFICATIONS

Meta Front-End Developer Professional Certificate

EDUCATION

B.S. Information Science, University of Colorado Boulder, 2020
