Henrike Dabrowski-Oyelaran

Clinical Laboratory Technician

Pittsburgh, PA · henrike.dabrowskioyelaran@example.com · (412) 555-0183 · LinkedIn

SUMMARY

Clinical laboratory technician (MLT, ASCP) with 4 years in hospital and reference labs, processing about 450 samples a shift across chemistry and hematology. Keeps 97% of stat results within the 60-minute target, maintains a QC record with 0 unresolved failures in 2 years, and runs Roche cobas and Sysmex analyzers independently.

EXPERIENCE

Clinical Laboratory Technician — Three Rivers Medical Center

Pittsburgh, PA · Apr 2023 – Present

- Process and analyze about 450 chemistry and hematology samples a shift in a 500-bed hospital lab.
- Deliver 97% of stat results within the 60-minute target, up from 91% after reorganizing sample intake with 2 colleagues.
- Run daily QC and maintenance on 4 Roche cobas and 2 Sysmex analyzers, with 0 unresolved QC failures in 24 months.
- Called 25 to 30 critical values a week to nurses and physicians, documenting each read-back within 15 minutes.

Laboratory Assistant — Allegheny Reference Labs

Canonsburg, PA · Jun 2021 – Mar 2023

- Accessioned about 1,200 specimens a shift, cutting labeling errors from 0.8% to 0.2% with a barcode double-check step.
- Centrifuged, aliquoted and stored samples for 14 test lines following chain-of-custody rules.
- Kept reagent and consumable stock for 3 benches, avoiding any stock-out in 18 months.

SKILLS

Testing: Clinical chemistry, hematology, urinalysis, coagulation, specimen processing

Quality: Daily QC, Westgard rules, calibration, proficiency testing, CAP and CLIA standards

Instruments: Roche cobas, Sysmex XN, Stago coagulation, centrifuges, pipettes

Systems: Epic Beaker, Sunquest LIS, Excel

CERTIFICATIONS

Medical Laboratory Technician, MLT (ASCP)

EDUCATION

A.A.S. Medical Laboratory Technology, Community College of Allegheny County, 2021
