Kevin Nguyen

Mobile Developer (iOS and Android)

Seattle, WA · kevin.nguyen@example.com · (206) 555-0136 · LinkedIn · GitHub · App Store

SUMMARY

Mobile developer with 6 years of experience shipping iOS apps in Swift and SwiftUI, plus Android in Kotlin and shared screens in React Native. Leads development of a fitness app with 450,000 monthly users and a 4.8-star rating. Focused on stability, fast releases and offline-first design.

EXPERIENCE

Senior iOS Developer — Stridewell

Seattle, WA · Jan 2023 – Present

- Led the rewrite of the workout tracker in SwiftUI and Combine for an app with 450,000 monthly active users and a 4.8-star App Store rating.
- Cut the crash rate from 1.2% to 0.15% of sessions by fixing threading issues found in Crashlytics and adding tests around HealthKit sync.
- Built offline mode with Core Data and background sync, the most requested feature in 2 years of app reviews.
- Shipped weekly releases through Fastlane and TestFlight, with phased rollout and a feature-flag kill switch.

Mobile Developer — Parcelbird

Seattle, WA · Jun 2020 – Dec 2022

- Built the courier app's Android version in Kotlin and Jetpack Compose, reaching feature parity with iOS in 5 months.
- Moved 6 shared screens to React Native, so one team released both platforms in the same sprint.
- Cut cold start time from 3.4 s to 1.6 s by deferring SDK initialization and trimming the launch screen.

SKILLS

iOS: Swift, SwiftUI, UIKit, Combine, Core Data, HealthKit, XCTest

Android: Kotlin, Jetpack Compose, Coroutines, Room

Cross-platform: React Native, TypeScript

Tooling: Xcode, Android Studio, Fastlane, Firebase Crashlytics, GitHub Actions, App Store Connect

EDUCATION

B.S. Computer Engineering, Washington State University, 2020
