SUMMARY

Respiratory therapist with 5 years in adult ICU and pediatric care, RRT-licensed in Oklahoma. Manages ventilators for 8-10 patients a shift, runs ABG analysis and leads extubation readiness assessments. Cut one unit's average ventilator days by 1.2 through earlier weaning trials.

EXPERIENCE

Respiratory Therapist II — Cedar Ridge Medical Center

Tulsa, OK · Apr 2022 – Present

- Manage ventilator settings and weaning protocols for 8-10 ICU patients a shift, adjusting FiO2 and PEEP based on ABG results every 2-4 hours.
- Led a daily spontaneous breathing trial checklist adopted unit-wide, cutting average ventilator days from 6.1 to 4.9 over 10 months.
- Administer bronchodilator and corticosteroid treatments to 15-20 patients a shift, documenting response within SBAR format for physician rounds.
- Trained 6 new graduate RTs on arterial line blood gas draws and ventilator alarm troubleshooting during their first 90 days.

Respiratory Therapist — Willowbrook Children's Hospital

Tulsa, OK · Aug 2019 – Mar 2022

- Provided respiratory care to pediatric patients ages 0-17, including high-flow nasal cannula and CPAP titration for 200+ bronchiolitis admissions a season.
- Administered nebulized treatments and chest physiotherapy to post-op cardiac patients, coordinating with 4 attending physicians on weaning timelines.
- Responded to 3-5 rapid response and code blue calls a month, managing airways and bag-valve-mask ventilation until intubation.
