Kasimir Adebayo-Lund

Salesforce Developer, Service and Sales Cloud

Raleigh, NC · kasimir.adebayolund@example.com · (919) 555-0112 · LinkedIn · GitHub

SUMMARY

Salesforce developer with 6 years building Apex, Lightning Web Components and integrations on Service and Sales Cloud orgs with up to 2,400 users. Consolidated a trigger-heavy case object that failed nightly into a single handler framework, and built billing integrations that removed tab-switching for 300 support agents. Platform Developer II certified.

EXPERIENCE

Senior Salesforce Developer — Ashgrove Subscription Services

Raleigh, NC · Feb 2022 – Present

- Consolidated 5 case triggers into 1 handler framework and moved heavy logic to queueable Apex, ending nightly CPU limit failures on syncs of 40,000 records.
- Built a Lightning Web Component showing billing status and the last 3 invoices through a named credential, used by 300 agents on about 9,000 cases a week.
- Migrated 34 Workflow Rules and Process Builders to Flow and Apex, cutting automation-related support tickets by about 60%.
- Set up Salesforce DX source tracking and a CI pipeline running all 1,100 tests on every pull request, reducing post-release hotfixes from 1 in 3 releases to 1 in 12.

Salesforce Developer — Cobaltline Consulting Partners

Durham, NC · May 2019 – Jan 2022

- Delivered Apex, LWC and Flow work for 11 client orgs in nonprofit, manufacturing and services sectors.
- Built a REST integration between Sales Cloud and a client's ERP, syncing 15,000 orders a day with retry logic and error logging.
- Wrote batch Apex to merge 120,000 duplicate contacts with an audit log, raising report trust for the client's sales leaders.
- Raised average test assertion quality on 2 inherited codebases, finding 14 hidden defects while bringing coverage from 68% to 88%.
