SUMMARY

Shopify developer with 6 years building Online Store 2.0 themes, custom sections and private apps in Liquid, JavaScript and Node.js. Rebuilt a skincare brand's theme to lift mobile conversion by 14% and has launched 35+ Shopify and Shopify Plus stores. Comfortable with the Admin GraphQL API, Shopify CLI, theme check and Git-based theme deploys.

EXPERIENCE

Shopify Developer — Velvetfern Botanicals

Denver, CO · Apr 2023 – Present

- Rebuilt the Shopify Plus theme on Online Store 2.0 with 22 custom sections, lifting mobile conversion by 14% over the next 2 quarters.
- Wrote a Node.js private app that syncs stock from 2 warehouses every 10 minutes, ending 30+ oversold orders a month.
- Replaced 6 storefront apps with native Liquid sections, removing 900 KB of third-party scripts from product pages.
- Moved theme work to GitHub with Shopify CLI previews, cutting broken releases from 4 a quarter to 0.

Front-End Developer (Shopify) — Pinwheel Lantern Commerce

Boulder, CO · Aug 2019 – Mar 2023

- Launched 35+ Shopify stores from Figma designs for apparel, food and home goods brands.
- Built a reusable section library of 40 blocks, cutting a standard store build from 8 weeks to 5.
- Migrated 9 stores from WooCommerce and Magento to Shopify with redirects for 25,000+ URLs and no lost orders.
